

NH-ISAC 2017-2018 Board Will Provide Strategic and Governance Oversight on Important Health and Public Health (HPH) Sector Initiatives, Partnerships and Services.

Kennedy Space Center, FL, October 17, 2017 – The National Health Information Sharing and Analysis Center, (NH-ISAC), a member-owned non-profit that is the health and public health (HPH) sector’s trusted community for sharing cyber and physical security information, is pleased to announce the results of its 2017-2018 Board of Directors elections.

The NH-ISAC Board of Directors serves in a voluntary capacity to provide strategic governance and direction for the NH-ISAC community based upon their experience and expertise as leaders in healthcare organizations within the HPH sector. The Board members reflect a diverse mix of healthcare delivery stakeholders in various subsectors of the industry.

The 2017-2018 Board is comprised of security practitioners and executives from global publicly traded companies to small privately held organizations including Life Sciences companies, Healthcare Systems (Providers), Healthcare Insurers (Payers), and Medical Device Manufacturers.

Denise Anderson, NH-ISAC President stated, “Our board plays a very strategic role in the governance and direction of our organization. We look forward to the vision and leadership that our new and incumbent board members will bring over the coming year and years to come.”

Newly elected Board Members:

- Mr. Scott Morris, CISO, BlueCross BlueShield WNY - HealthNow New York, Inc.
- Mr. Spencer Mott, SVP and Global CISO, McKesson

Returning to the Board of Directors:

- Mr. Karl West, CISO and AVP, Intermountain Healthcare
- Mr. Jim Routh, CISM, CSSLP, CISO, Aetna
- Mr. Greg Barnes, Global CISO, Horizon Blue Cross Blue Shield
- Mr. Terry Rice, VP, Information Risk Management and CISO, Merck

The elected members will join the current Board Members:

- Ms. Sarah Hall, Chief Information Security and Privacy Officer, Human Longevity, Inc.
- Mr. Patrick Joyce, VP, Information Technology, Chief Security and Privacy Officer (CISO), Medtronic
- Mr. Jigar Kadakia, Chief Information Security and Privacy Officer, CISSP, CIPP, CRISC, Partners Healthcare

- Mr. Brad Sanford, CIO, Emory University
- Mr. Mike Towers, VP CISO, Allergan
- Mr. Mike Wagner, Senior Director, IT Risk and Information Management, Johnson and Johnson
- Ms. Denise Anderson – President, NH-ISAC

The new Board members will be empaneled at the 2017 NH-ISAC Fall Summit in Scottsdale, Arizona, where special recognition will also be given to outgoing Board members, Ronald Mehring, Texas Health Resources and Thein La, Wellmark Blue Cross Blue Shield.

ABOUT NH-ISAC – ABOUT NH-ISAC – The National Health Information Sharing & Analysis Center is the official health care information sharing and analysis center, offering non-profit and for-profit health care stakeholders a community and forum for sharing cyber and physical security threat indicators, best practices and mitigation strategies. NH-ISAC membership becomes an extension of your security operations team. Membership is open to any health care stakeholder seeking protection of valuable Personal Health Information (PHI) and Health care-related Intellectual Property (IP) as well as compliance with Federal HITECH ACT, HIPAA-related privacy rights and NIST (National Institute of Standards and Technology) guidelines. NH-ISAC is a non-profit member-driven organization of owners and operators within the health care sector. Members include private & public hospitals, “ambulatory” providers, health insurance “payers,” pharmaceutical/biotech manufacturers, laboratory, diagnostic, medical device manufacturers, medical schools and medical R&D organizations. Joining NH-ISAC is one of the best ways health care and public health firms can actively participate to protect the industry and its vital role in critical infrastructure.
