WORKING GROUP SPOTLIGHT**Diversity and Inclusion Working Group**

H-ISAC is seeking Members interested in joining the **Diversity and Inclusion Working Group (DIWG)**. This working group has been established by Members to support diversity and inclusion within member organizations of Health-ISAC.

The working group’s purpose is to provide a platform to support discussion and sharing of best practices that enable a commitment to equality and representation for practitioners from all walks of life and ensuring those from under-represented socioeconomic backgrounds, ethnicities, sexual orientations, gender, mental normative status, able-bodied-ness, and nationality have a forum to encourage outreach, participation and advocacy.

Meets: 1st Thursday of each Month

Insider Threat Working Group (ITWG)

Interested in collaborating to enhance pharmaceutical and healthcare Insider Threat Programs?

Health-ISAC Members formed a new working group and are accepting participants to share information on in-house prevention detection, and response of such threats, by learning about other companies’ tools, rules, mechanisms, and policies.

The group also aims to develop new ideas around Insider Threat programs specific to the pharmaceutical and healthcare sectors via discussions and round tables to **discover new options and potential solutions for monitoring, detection, and prevention of insider threats.**

Meets: 2nd Tuesday of each Month.
