

Fall Americas Summit Highlights! Great time, Great topics, Great networking

Over 600 attendees gathered to share their stories around the campfire in San Antonio and online. Nearly half were attending a Health-ISAC Summit for their first time. Members connected face-to-face in working groups and collaborated in round table discussions with topics such as *The BISO Paradigm in Healthcare Security* and *Workplace Violence*. Engaging questions followed each presentation.

Keynote Shawnee Delaney, Founder and CEO of Vaillance Group, delivered a compelling presentation on how to recognize human and cyber security tactics used to recruit spies. All session recordings will be available through January 31st. Registered attendees will receive an email with content access.

Some attendee feedback:

*Content was excellent, thought provoking and actionable
Had a wonderful time connecting with people; talks and training great!*

Thank you to all the attendees who joined us. Whether it was cheering for the riders at our rodeo event or rooting for your favorite armadillo at the Fiesta, we hope you made networking connections and gained actionable best practices.

UPCOMING SUMMITS

CALL FOR PAPERS IS OPEN FOR THESE 2024 SUMMITS!

APAC Summit in Australia

Submission deadline is December 15.

Spring Americas Summit in Orlando

Submission deadline is January 31.

HEALTH-ISAC 2023 EVENT RECAP

2023 has been a year of extending support to Members across the globe. March initiated the inaugural APAC Summit in Singapore. April quickly brought another inaugural event - the European Hobby exercise and workshop in Ireland.

Beginning in May and running through October, Health-ISAC presented the Cyber Threat Landscape Tour in twelve European cities, hosted primarily at Member facilities. May also marked the Spring Americas Summit in the US and a Healthcare Security Workshop in Romania.

In October the European Summit was held in Croatia, and in the US, we conducted the 4th Annual Americas Hobby Exercise.

Other US workshops throughout the year included Healthcare Cybersecurity and Legal, Third-Party Risk Management, and Healthcare Cybersecurity & Life Sciences / Biotech workshops. The Healthcare Preparedness and Resiliency Tabletop Exercise Series also offered workshops with exercise training throughout the US this year. Many more healthcare security events are scheduled for 2024 and we look forward to seeing you all.

MEMBER PORTAL LIBRARY

Missed the recent Monthly Threat Briefing or the T-SIG webinar for SMB Members? Not a problem!

Find all webinar recordings in the Member Portal's user-friendly library.

Effortlessly browse and search rich content collections. Simply click on the "Explore Library" tile and choose either webinar or podcast media content.

RSA CONFERENCE MEMBER DISCOUNT

Explore the Art of Possible at RSA Conference 2024. Be sure to use your Health-ISAC Membership discount code before registering. Email contact@h-isac.org to get your discount code. Also plan to join us for our Member Meetup. More information to come.
