

# Health-ISAC™

Collaborating for Resilience in Healthcare

Health-ISAC Monthly Newsletter - TLP White

April 2023

## 2022 Annual Report is Now Available!

[Read Report Here](#)

The 2022 report highlights the many important services delivered over the year including developing a customized exercise program, publishing the first Annual Threat Report, devoting resources and expertise to Medical Device Security, and producing 275 Targeted Alerts, 87 Threat Bulletins, 144 Vulnerability Bulletins and 197 Finished Intelligence Reports among other vital information.

The publication is a quick read and documents relevant numbers, activities, threat operations and events undertaken in 2022, as well as top incidents and vulnerabilities covered over the year.

Health-ISAC is pleased to publish a monthly newsletter designed to bring events and other important ISAC news to your attention. If there is something you would like to see included, please email: [contact@h-isac.org](mailto:contact@h-isac.org)

### Summit Success in Singapore

Spanning two days of rich collaboration and sharing, Members in APAC gathered in Singapore to share regional threats. Thank you to everyone who took time to present and attend. Here is what attendees are saying:

*"New region, same demands, new networking opportunities...Network extended!"*  
*"The entire experience in this event was amazing."*

Mark your calendars for the 2024 APAC Summit in Melbourne, Australia; March 19-21, 2024.  
**Save the date and start spreading the word!**

## STRIKE NOW TO REGISTER for Spring Americas Summit - Next Month!

Score a direct hit with educational opportunities, networking connections, and the latest healthcare security content May 9-11 in Palm Harbor.

April 17 - Deadline to secure on property **lodging**.
