Delivering value to stakeholders in the health sector worldwide

Learn more about Health-ISAC's state-of-the-art tools, services, webinars, education & training, networking, exercises, and working group products.

Resilience is in our DNA

ANNUAL REPORT 2023

APAC SUMMIT HIGHLIGHTS

Kudos to the 2024 APAC Summit Content Committee and chair Simon Cowley for choosing a valuable program with an excellent keynote given by Alastair MacGibbon.

"Here is some attendee feedback: "A great event that provided the opportunity to engage with peers from the industry in helpful discussions." "The event was a testament to the power of collaboration, bringing together government, healthcare providers, and medical device manufacturers to fortify our collective cybersecurity posture."

Join us in Malaysia for APAC Summit 2025.

CHAMPIONS OF SECURITY

2024 Health-ISAC Spring Americas Summit

May 20-24, 2024
ChampionsGate, Orlando, FL

Register today - Early Bird pricing ends April 19th.

Plan to arrive on Monday to attend one of the workshops: Health-ISAC's Active Shooter/Hostile Event Response (ASHER) or How to Build an Effective Cyber Threat Intelligence (CTI) Program by Google.

Artificial Intelligence Working Group

The Artificial Intelligence Working Group provides a forum for Members to grapple with the rapid development and deployment of AI and other applications of machine learning. Group goals:

1. Enhance Member understanding of emerging AI/ML systems and how to leverage them effectively.
2. Share best practices and lessons learned to help Members mitigate the risk posed by the deployment of AI systems.
3. Share information about threats to and by AI/ML systems.

BISO Working Group:

The Business Information Security Office Working Group is a robust community of healthcare BISOs who specialize in bridging an organization's security strategies with its overall business strategies. Uncover trends across organizations to coordinate security and business needs and identify ways to communicate these effectively.

Learn More and Join these Working Groups
in the Member Portal in Groups or email contact@h-isac.org
