PUBLIC-PRIVATE SECTOR COLLABORATION

Americas Hobby Exercise - Many thanks to all who participated in last month's Americas Hobby Exercise. This was the fifth annual exercise designed to build enduring relationships within and across the health sector and government that help strengthen understanding, response, and recovery plans.

Attendee feedback: *"Thank you for the engaging, thoughtful scenario."*

"Loved the government agency participation." "Always relevant and well executed."

The European Hobby Exercise commences on October 14 in Rome.

Tailored Tabletop Exercises for Health-ISAC Members

Enhance your organization's readiness with Health-ISAC's customized Tabletop Exercise as a Service (TTXaaS). Planned collaboratively with members and leveraging Homeland Security Exercise and Evaluation Program (HSEEP) best practices, these in-person or virtual exercises feature realistic, all-hazards scenarios aligned to your objectives. Engage key stakeholders—including operations, legal, leadership, etc.—in meaningful discussions to uncover gaps and improve response plans.

"From the initial development of the scenario to the facilitation of the exercise itself, collaborating with Health-ISAC has truly been a beneficial and enriching experience." Janeine Charpiat, Philips
