

GATEWAY TO SECURITY 2023 HEALTH-ISAC EUROPEAN SUMMIT

The European Summit Committee Assembled a Strong Agenda for October

Don't miss out on these important discussions and new best practices around healthcare security challenges. Some highlights include :

- Keynote: Responsible Artificial Intelligence (RAI)
- NIS2's Impact on the EU Health Care Sector Panel
- How to Leverage Machine Learning to Fight the Phishing War
- Critical Threat Landscape of AI and GPT Use
- European Union Cybersecurity Regulatory Landscape
- From the Trenches of Security Patching

Board of Directors

Candidate applications are open through August 18.

Member voting will begin October 16.

Members engaged in two lively tabletop exercises in July: Waltham, Massachusetts and Bend, Oregon. Participants said they left with multiple improvements to their incident response plans, including the addition of response to a “Wiper Ware” situation.

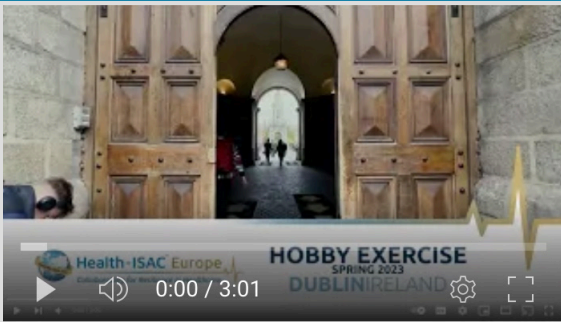

Register now for the September 20th exercise in New York City. Be sure to invite your Legal department to this exercise as well. <https://h-isac.org/hisacevents/ttx-ny/>

Health-ISAC joined other ISAC founding organizations of the European Council of ISACs at InfoSecurity Europe in London last month.

Staff from Auto-ISAC Europe, Retail & Hospitality ISAC, FS-ISAC, Aviation ISAC, and Telecommunication-ISAC, along with Health-ISAC shared an exhibit booth, engaging passersby about how ISACs support critical infrastructure organizations.

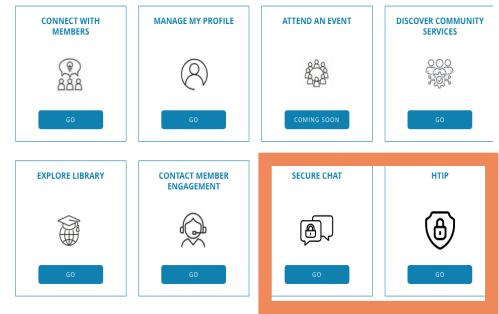

INAUGURAL EUROPEAN HOBBY EXERCISE

MEMBER PORTAL ENHANCEMENTS

MEMBERS: Now you can seamlessly integrate within the Portal to the Secure Chat and the Threat Intelligence Portal (HTIP). Need help? Send an email to contact@h-isc.org.

TWO NEW WORKING GROUPS

OT Security Working Group

Foster and promote best practices in Operational Technology/Industrial Control systems across member organizations.

Email Security Working Group

Gather, explain, and promote information security best practices related to sending and receiving email. This includes, but is not limited to, phishing training, sandboxing, DLP, and DMARC.

Learn more and join in the Member Portal or send an email to contact@h-isac.org.
