Mr. Rice

NH-ISAC President and Board Members Testify on the Hill

On 4/4/17 NH-ISAC president Denise Anderson and board members Terry Rice, Merck, and Michael McNeil, Royal Phillips, gave testimony to the United States House of Representatives Committee on Energy & Commerce subcommittee on Oversight & Investigations regarding "**Cybersecurity in the Health Care Sector: Strengthening Public-Private Partnerships**."

There was overwhelming support and interest from both House Republicans and Democrats of the subcommittee on the ISAC and it's activities. There was a lot of interest from the public across the globe as well. Less than a week after the hearing, there were over 2,200 views on LinkedIn.
